PROFILE

QA Tester with experience in web application testing, test case design, and collaboration with development teams to improve product quality.

WORK EXPERIENCE

Arise Corporation Co.,Ltd | **IT Support & Tester** Nov 2025 – Present

IT Support

- Provided first-line IT support for end users on Microsoft Office suite and general technical issues

Project 1 : Zentr

- Designed test scenarios and test cases; performed manual testing and reported defects to the development team
- Coordinated with developers to clarify and validate requirements, reducing defect re-open rate
- Created UI mockups in Figma to align business requirements with technical implementation
- Presented and confirmed requirements with stakeholders; created user manuals and technical documentation

Project 2 : Baking Buddy Enhancement Phase I

- Designed UI components and screen flows in Figma as part of the product enhancement team
- Created product test documents, test cases, and test scenarios
- Demo & present to users
- Create user manual
- Conduct UAT and demo walkthrough for end users

E-Merchant | **Data Prepare (internship)** Mar – Oct 2025

- Validated and configured campaign parameters in EDC (Electronic Data Capture) system, ensuring accuracy across platforms
- Confirmed configurations in the Automate system and reconciled data in Estate to align with MIS system records
- Successfully delivered 3 reprogram projects: APPLESHEEP 59 , PT Pilot 60 , and PT 7100
